TRICOT
SELECTION

Dear Reader,

TRICOT SELECTION has the pleasure to bring out this special publication «MAGIC CROCHET» for all Crochet Lovers.

We are sure that our beautiful patterns will tempt you to try their execution. Our drawings will help you to get on quickly and to come to an excellent result.

At the end of this magazine, you will find the way of interpreting the signs used in the realisation of our drawings and some data regarding the basic stitches employed in this book. We would like to point out that the bold-faced type figures appearing on each drawing correspond to the number of the row and that the faint ones give the number of chain stitches to make in a loop.

If you should have any difficulty during work, please write and we shall do all we can in order to satisfy you.
